EDUCATION

The University of British Columbia, Vancouver
Certificate, Key Capabilities in Data Science, Computer Science
October 2021 - Present

British Columbia Institute of Technology, Richmond
Diploma, Aircraft Maintenance Engineer - Mechanical, Aerospace Engineering
June 2015 - December 2016
BCIT Student Association - Class Representative

PROJECT / PUBLICATIONS

Exploratory Data Analysis | Walt Disney Studios, Vancouver

December 2021

- ❖ I analyzed the Disney Dataset in the Studio Entertainment segment and tried to find out the most successful movie in Walt Disney Studio. From the exploratory data analysis, I could find the average gross revenue in Disney movies from 1937 to 2016.
- ❖ [See project](#)

Exploratory Data Analysis | City of Vancouver, Vancouver

November 2021

- ❖ I analyzed the Business and Economy Dataset from the City of Vancouver's Open Data Portal Resources. Throughout this analysis, I have looked at some correlations between the business types and the local area information and could find out the structure of the city development with an understanding of the local economics, demographics, and business aspects. In addition, voluntary public [dataset contribution](#) to Data Science Community, Kaggle, a subsidiary of Google LLC, and earned a bronze medal.
- ❖ [See project](#)

SKILLS

Data Analysis and Optimization

Data Cleaning

Data Visualization

Pandas, Altair, and NumPy

Probability / Statistics

Web Development

Git and Version Control

PROGRAMMING LANGUAGES

- Python 3.9
